

C Series

Deutsch

Die C-Serie ist wie die B-Serie als Universalziel mit Unterstützung für bessere Kommunikation und Dokumentation gedacht.

Die Zielmarken bestehen aus einem roten Punkt in Projektilgröße, einem oder mehreren Kreisen und horizontal und vertikal ausgerichteten Orientierungslinien.

Die Spalten und Zeilen der Zielmarken sind beschriftet.

Für die Sparfüche unter den Schützen wird der Leerraum durch zusätzliche kleinere Ziele genutzt.

English

The C series, like the B series, is intended for universal use with support for improved communication and documentation.

The mark consists of a red dot the size of a projectile, one ore multiple circles, and horizontal and vertical aligned lines as orientation.

The columns and rows of the target marks are labelled.

Additionally there are smaller target marks placed in the space between the main marks.
